

ENROLL US!

We Want to Be a Member in EPA's Voluntary National Waste Minimization Partnership Program

GENERAL INFORMATION

Company Name: Shell Chemical

Principal Contact: Fred Goodson

Facility Location: P.O. Box 10

Mailing Address: same

Phone: (504) 465-7609

Email: fred.goodson@shell.com

Facility Name: Norco Chemical Plant

Title: Waste Program Coordinator

City/State/Zip: Norco, LA 70079

City/State/Zip: _____

Fax: (504) 465-6360

PARTNER AGREEMENT

Our organization/company is choosing to become a partner in EPA's National Waste Minimization Partnership Program. Our goal is to reduce the quantity of one or more Waste Minimization Priority Chemicals currently found in our hazardous and/or nonhazardous wastes using source reduction and/or recycling practices in lieu of waste treatment or land disposal practices. In this enrollment application, we identify one or more voluntary waste minimization goals that we believe we can achieve as Partners in this Program. The voluntary goals provided below are initial estimates and may change over time. We may revise our goals or withdraw from the program at any time. If/when choose to revise our goals or withdraw from the program, we will notify EPA.

GOAL #1. Chemical Name: Lead **CASRN:** 7439-92-1

Narrative description of proposed project and the method we will use to measure success: _____

Develop a recycling option for spent lead oxide catalyst that will enable it to be managed by recycling instead of land disposal. If this option becomes feasible, achieve 90% lead recycling of this material.

1. Our voluntary source reduction goal for Chemical #1 is to reduce the amount of this chemical generated in hazardous waste from a baseline amount of _____ pounds generated in _____ (month/year) to a reduced amount of _____ pounds generated by _____ (month/year).

2. To accomplish this goal, we will explore the following source reduction options (check all that apply):

- | | |
|---|--|
| <input type="checkbox"/> Equipment or technology modifications. | <input type="checkbox"/> Process or procedure modifications. |
| <input type="checkbox"/> Reformulation or redesign of products. | <input type="checkbox"/> Substitution of less toxic raw materials. |
| <input type="checkbox"/> Improvements in inventory control. | <input type="checkbox"/> Improvements in maintenance/housekeeping practices. |
| <input type="checkbox"/> Other (explain): _____ | |

3. Our (optional) voluntary recycling goal for Chemical #1 is to increase the amount of this chemical recycled from a baseline amount of 0 pounds in December, 2002 (month/year) to an increased recycled quantity of 6700 pounds by March, 2004 (month/year).

4. To accomplish this recycling goal, we will explore (check all that apply):

- | |
|--|
| <input checked="" type="checkbox"/> Direct use/reuse in a process to make a product. |
| <input checked="" type="checkbox"/> Process the waste to recover or regenerate a usable product. |
| <input checked="" type="checkbox"/> Use/reuse as a substitute for a commercial product. |
| <input type="checkbox"/> Other (explain): _____ |

Authorizing Official/Title: Randy Armstrong, Manager - Health, Safety and Environmental Affairs

Date: July 4, 2003

Project Contact (if different from Authorizing Official): Fred Goodson

Phone: (504) 465-7609

NOTE: use supplemental sheets for additional goals.
